MEMORANDUM FOR: Deputy Director/Support

ATTENTION : Director of Logistics

SUBJECT : Reassignment of the Headquarters Mail and Courier Staff to the Office of Collection and Dissemination

REFERENCES : A. Inspector General's Report to DCI on the Inspection of Office of Logistics, dated 22 January 1955.
B. Memorandum to AD/CD from Acting Director of Logistics dated 1 April 1955

1. In accordance with the request of 1 April 1955 from the Acting Director of Logistics, we have reviewed the recommendation of the Inspector General's Report on the Office of Logistics to the effect that the responsibility for headquarters mail and courier service be reassigned to the Office of Collection and Dissemination. Inasmuch as the latter office is responsible for the receipt and dissemination of only positive foreign intelligence information and intelligence, it does not appear appropriate that it should be charged with the administration of all headquarters mail and courier service.

2. Considering the magnitude and varied character of other types of material handled by the Mail and Courier Branch affecting all components, it is believed that the activity should continue to be administered as a central support function by DD/S.
